

LUXURY ECO ESTATE
MANUEL ANTONIO

An architectural Masterpiece with a natural backdrop you could only dream of!

This new three bedroom, three bathroom custom home sits on 60 acres of pristine land. The home, designed by award winning architect Juan Robles, combines a sleek modern design and all the amenities you could dream of with a natural setting that is emblematic of Costa Rica.

The home is accessed on a long private driveway that culminates on a conical hill offer up panoramic 360 degree veiws. Marvel at the Pacific ocean and painted sunsets from the front of the home and infinity edge pool, or enjoy a cup of Costa Rica coffee on your back porch with the Fila Chonta Mountain Range and Rainmaker reserve as your backdrop. The home is designed for solar power, 5 electric meters allowing for future segregation or guest homes, two additional building pads and much more. If you are looking for the best Costa Rica offers without all the congestion of the more touristic areas, this is a unique opportunity.

The ultimate in luxury, total privacy, jaw dropping natural setting and all within a 15 minute drive to the amenities of Quepos/Manuel Antonio. The property would be ideal for someone looking to expand as an eco lodge or retreat center. If your looking for a piece of true Costa Rica living, then this estate property is a must see.
