

Terrazas de Marbella Single Story Villa

Los Sueños Resort & Marina

\$1,400,000

Description

Los Sueños... a project appropriately called The Dreams.. and we are proud to welcome you to the most unique, luxury property ever offered in the Altamira community. This stunning, 3 bedroom 3.5 bath residence is the only "Stand Alone" private residence available within the Terrazas de Marbella section of Altamira and combines the best of exclusivity, prestige, impeccable quality, views and value. The approach and entrance to this beautiful home is through the stunning waterfall gates which sets this most exclusive residential community apart from the rest of the resort.

The privileged location is just meters from the world famous marina and Marina Village which hosts banks, luxury boutiques and some of the finest restaurants on the Pacific Coast. While the development is certainly iconic in its scope and quality, the home itself is certainly also a reflection of this exclusivity and quality. Terrazas de Marbella 1A is truly one of a kind as it is the ONLY private villa available in this development which is detached from the other condominiums with no other homes above or below. Upon entering the 3500 sq ft private residence you are immediately welcomed into a spacious and open floor plan with jaw dropping views over the marina, Pacific Ocean and tropical rainforest covered coastline.

The kitchen, living and dining areas are all open and integrated creating an expansive common room to share with friends and family, with impeccable attention to detail in the tropical hardwood, customized cabinets and trim work. The fully equipped, cooks kitchen is ideal for entertaining or allowing some of the resorts in home chefs to create masterpieces to enjoy from the dining area or spacious exterior decks. The Master bedroom is an expansive yet private part of the residence and it shares the same stunning views. Perhaps one of the most UNIQUE elements of this residence are the expansive outdoor patio areas.
