

## Luxury Irreplaceable Estate

## La Hacienda, Santa Ana

\$3,350,000

# Description

Located in one of Santa Ana's most exclusive communities, La Hacienda, this residence is the pinnacle of excellence. Designed and built by the country's finest architect and builder, this home was envisioned to provide its residents with the perfect combination of premiere luxury, the finest finishes, design and details, with a well thought out floor plan, ideal both for entertaining and an everyday family lifestyle. Upon arrival at the home, the details do not go unnoticed, with hand carved figures etched into the custom doorway, custom copper details in and above the entrance, and impeccable attention to architectural detail. The property boasts a large driveway with ample parking for both guests, and of course, an enclosed, three car garage with service entrance, as well a separate entrance to the guest house. Upon entering the residence, it is inevitable for your eyes to wander, catching a glimpse at the infinite attention to details from floor to ceiling in a residence that truly sets the standard for luxury. Wall to wall travertine, Euromat windows and frames on all windows, custom DuChateau Wood Floors in all of the bedrooms, solid wood frames on all doors, smart systems and surround sound, 28 smart tvs, and much more. The entrance to the home hosts an impressive, custom marble floor design, and an imposing winding staircase to the private areas on the second level. The living and dining room open up to the gas heated, full size lap pool, outdoor entertainment and professional Viking grilling area and private steamroom. The outdoor, covered terrace is ideal for entertaining, and dining, with complete sound from the state of the art system, and both living and dining areas to enjoy regardless of the weather. The living and dining rooms were creatively designed so that an enclosed glass wine cellar separates the two rooms, creating a natural buffer between the spaces, but a true conversation piece and first class decor.
