Pre-Decision & Relocation Assistance

Recruiting the best individuals is what every business wants, and often it requires bringing talent in from outside the area. Whether recruiting a new individual or relocating key personnel, our company can play an important role in your recruiting efforts.

We can present, deliver and supply accurate and customized information to your candidates along with counseling and tours to familiarize them with the new area. Early information enables your prospective employees to make a comfortable, informed decision and helps your company control relocation costs.

We can provide each transferring employee with information about the area which includes online links to vital resources, area websites, as well as print materials.

Marketing and Home Sale

The timely sale of your transferring employee's present home is essential for a successful relocation. We will assist in selecting the right real estate agent to market their home to ensure a speedy sale, while delivering exceptional professional services.

New Home Search

We provide comprehensive destination services to each relocating employee based on personal needs. A real estate agent who possesses vast knowledge of the area and market data will be assigned to assist in identifying a community and home that is best suited for their lifestyle.

Rental Assistance à La Carte

We can offer personal tours of the available properties that match the needs of your transferring employee, as well as assisting with lease preparation. A flexible fee schedule is based on personal preferences charged by the half day or full day, as applicable.

FROM COAST TO COAST AND EVERYWHERE IN BETWEEN,
WE'VE GOT IT COVERED.

Mortgage Assistance

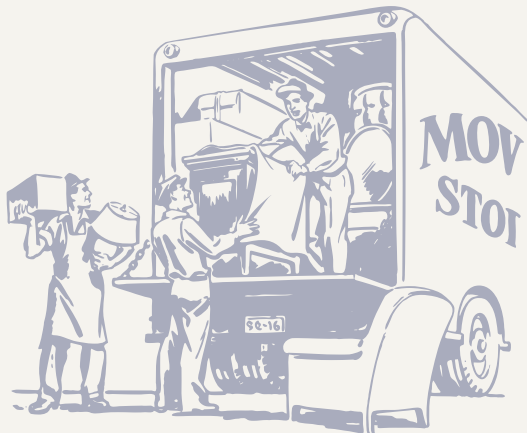

Our home buying clients are entitled to a free pre-approval with our in-house mortgage representative. An assessment of their exact mortgage needs will be customized to fit them.

Moving Services

We can refer our clients to local and national moving carriers. Utilizing our proven service providers can enhance the moving experience for your employees transferring domestically or internationally.

Temporary Housing

Whether your employee needs 30 days or six months, a fully furnished temporary apartment may be needed when relocating to fill the gap while between homes. We have in-house capability, as well as national connections to guarantee a stress-free temporary living situation.
